

# Risk Identification Chat Export

**AI Assistant (5/26/2025, 1:21:20 PM):**

Hello! I'm your AI risk identification assistant. I can help you identify potential cyber risks in your construction project. What would you like to know?

**You (5/26/2025, 1:21:28 PM):**

sds

**AI Assistant (5/26/2025, 1:21:29 PM):**

I'm analyzing your input. This is a simulated response. In the actual implementation, this would be connected to an AI model for real risk analysis.
